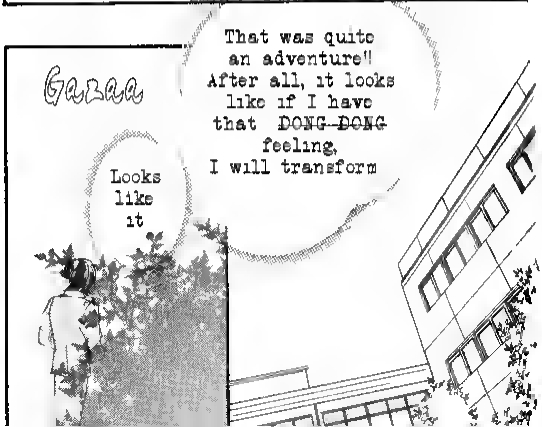
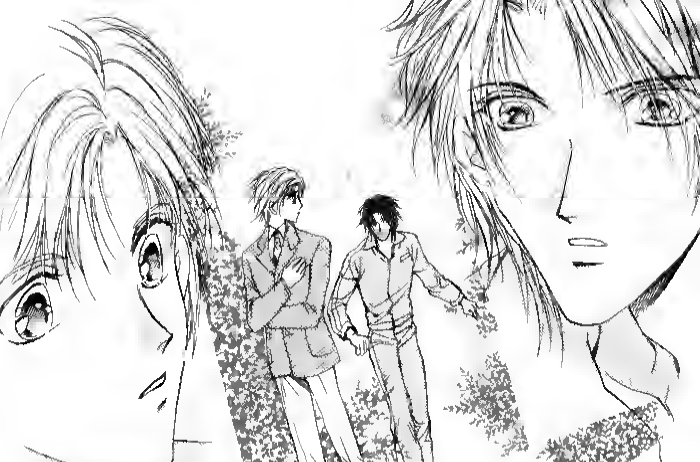
Hello everyone♥ this is Tateno

This is the first volume of "CUTE x GUY" Please take a look and have fun♥

This work started when I had finished my previous work "The King of Cards ("Kado no Ousama") I appreciate for that you have read my previous works and are interested in this story♥ This work was a result of my impulsion of "I want to draw a shoujo manga" it is kind of true I have lots of fun of drawing it due to this motivation It happened in the past that I hesitated to draw some series I was afraid of that I could not make the stories popular This piece is in revenge for that stupidity I do not really care anymore as long as you have fun from reading it I will be thankful
Here we go please——





YOU ARE INDEED A PERSON OF THIS SCHOOL, AREN'T YOU ?
AH! YOU'RE THAT YESTERDAY'S GUY!
looks like it I should not think about Mitsuru-kun or anything like that

WELL, I CAN'T GO !!
Geo! I have a bad feeling !!

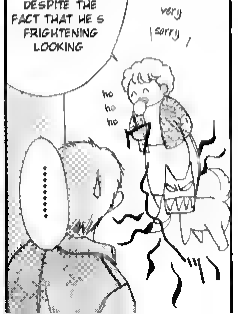
HEY MAMA WHAT ARE YOU DOING ?
Otherwise, I would have never seen this side of Mitsuru-kun
SUMI ? WOULD YOU LIKE TO EAT SOMETHING ?
NOTHING REALLY
IT'S QUITE HOPELESS ...
That person is much too perfect.

Jun = Sumi is the first pair of names which settled in my mind. I had tried to decide a variety of names that could be used by both boys and girls for the characters.

And in fact I have more fun of drawing the character Jun♥ By using this bit odd of arrangement lots of fun actions can be given to the character. Jun can be described as being completely different from Sumi. For example: Jun has to look like a man and act like a man! in details (My girly monologue ^^) And Sumi has to be very cute. Other characters come out easier. Based on this concept I can imagine all the fun things they might do. I wouldn't mind it if you have any suggestions like: How about a punch here? Please do so! Welcome more guests!! Advice is welcomed! ♥



JUN-SAN, WHAT'S THE MATTER ?

WHAT ?! WHY ?! WHAT DID I DO ?!
FOR THE TIME BEING, I'LL STOP COMING

"He zumi" has become quite popular. The original idea was here to try to see if it works? So he was produced with a feminine look (kidding) It was well accepted. He/she is now a regular and a reliable friend to Sumi/Jun I am also given fun opportunities for drawing this girl" I like to have this pleasant person around each time

Before I started to draw the manga the story had to be outlined. Now it is the time to thunk out what she should do. When we talk, the cherecter does a variety of things without constraints and something unexpected often pops up. I have seriously thought about small jokes. Even Project Manager-san suggests small jokes when we meet and have drinks together (laugh) There are many accumulated jokes for He zumi. She will take the role of the funniest character within cherecters. Many amusing actions will follow stay tuned!

In this chapter, Shizuka comes on stage thus fulfilling the essential nature of a Shoujo manga—a love-triangle!
It is very true
And, like most triangle relationships it is going to be a colorful one. Mitsuru is the only one who has no idea whatsoever. From the point on, there will be a variety of bumpy events. The headaches of multiple requited loves are also unavoidably coming along with other events. Please continue to the next volume. There will be lots of fun ♥
As we speak, ran t this first volume of "CUTExGUY" ending? I will be glad to hear comments from you. Please, please tell me
